

NT65GSP9 2-1/2" Gas Powered 16-Gauge Straight Finish Nailer

Includes:

Features:

- (2) 3.6V 1.5Ah Lithium Ion batteries (326263)
- AC/DC Charger (for car or wall outlets) (UC3SML)
- No Mar Nose Cap (886349)
- [Watch the Hitachi 1-Hour Corner video for this gas finish nailer](#)
- Safety Glasses (875769)
- Powered by a gas fuel rod and Lithium Ion battery for complete portability
- 3mm & 4mm Hex Bar Wrenches (943277, 944458)
- Freedom from cumbersome air hose and compressor saves time in setup, during applications, and in job site clean up
- Carrying Case (886348)
- Lightweight at only 4 lbs for balance, maneuverability and minimal user fatigue and ideal for overhead and extended use applications
- Double action nail feed and reciprocating piston system drive up to 2 nails per second or 1,000 per hour
- Fuel rods can be replenished immediately upon depletion instead of waiting for a compressor cycle
- Quick clear nose with tool-less jam release for easy maintenance and reduced downtime
- Double lock fuel compartment latches securely and keeps the fuel rod seated firmly
- Hitachi's 3.6V Lithium Ion batteries drive up to 2,000 fasteners per charge
- Finish nailer fuel rods power 1,200 shots each
- Low battery indicator light alerts the user of battery status to prevent unexpected downtime
- Elastomer handle provides comfort and ensures a secure grip
- Tool-less depth of drive adjustment for flush drives into various materials
- 1-Hour AC/DC charger with adaptors for charging in standard wall outlets or in the car
- Detachable no-mar nose cap protects work surfaces from scratches or indentations and conveniently snaps onto the side of the magazine for storage
- Dry fire lockout prevents blank activation, prolonging tool life and protecting work surfaces from damage
- Variable position hook for either left or right-handed users
- Straight magazine holds 100 16-gauge fasteners in 1"-2-1/2" lengths
