

## S18SB 7" Vertical Sander

### Includes:

- 7" Sanding Disc (314090)
- Rubber Pad (953255)
- Wrench (937913Z)

### Features:

- **Powerful 6.2 Amp, 900W motor** supports a variety of applications including rust and paint removal, wood preparation and finishing, and metallic surface polishing
- **Vertically positioned design** for improved balance and control
- **High overload durability** prevents burnout during aggressive sanding operations
- **Dust-resistant bearing chamber, metal bearing bushing, double insulation, and wear resistant tail cover** add durability and prolong service life
- **Air deflector** prevents exhaust and debris from reaching the operator
- **Elastomer covered pistol-grip and side handles** provide a secure and comfortable grip
- **Spindle lock** for easy accessory changes
- **Trigger lock-on button** reduces user fatigue during continuous use
- **Lightweight design (4.4 lbs)** allows maneuverability and lessens user fatigue
