

# NT65MA4 2-1/2" 15-Gauge Angled Finish Nailer with Air Duster

## Includes:

- Safety Glasses (875769)
- No Mar Tip (881751)
- 1/4" NPT Male Plug (190001)
- Carrying Case (884340)

## Features:

- [Watch the Hitachi Tool Corner video for this finish nailer](#)
- **Integrated air duster** can be used to clear away dust and debris from the work surface in preparation for nailing or gluing
- **Tool-less, easy to clear nose** for quick nail extraction should a nail jam during use
- **Selective actuation switch** allows for either sequential or contact nailing with a simple flip of the switch- no tools or parts required
- **Tool-less depth of drive dial** adjusts for flush fastening into varying materials for improved control and a professional finish
- **360-degree fully adjustable exhaust portal** directs air exhaust away from the user or work piece
- **At only 4.2 lbs**, this finish nailer minimizes user fatigue, while increasing maneuverability
- **34-degree magazine angle** allows the user to reach into corners or tight spaces with ease
- **No-mar tip** protects the work surface from damage and can be removed if not needed
- **Rubber grip** adds comfort and a secure hold
- **Accepts 15-Gauge nails** ranging in length from 1-1/4" up to 2-1/2"
- **Factory installed air fitting** is angled upwards to keep the compressor hose conveniently out of the way of the user and work piece
