

G12SA3 8-Amp, AC/DC, 4-1/2" Top Switch Angle Grinder

### Includes:

- Spanner Wrench (938332Z)
- Wheel Guard (319656)
- Side Handle (956633)
- Abrasive Depressed Center Wheel (1pc) (727535B10)

### Features:

- Delivers a powerful 8 Amps with 910 Watts of input power and a class leading 1,900 Watts of output power to grind through the toughest applications with ease
- Achieves highest overload durability in its class thanks to an improved cooling mechanism and the high output motor for efficiency and higher resistance to burnout
- Improved dust protection for the motor resists wear on the armature and field coils for longer tool life under the usual harsh conditions
- On/Off switch mounted on the top allows the user to comfortably operate the tool whether right or left handed
- A one-touch quick off mechanism provides added safety
- Easy to manipulate spindle lock located at the front of the grinder makes it simple to change out the accessories as needed
- Equipped with a side handle that projects forward 70 degrees for a comfortable and secure position when using the grinder for long stretches of time
- Side handle can be attached to the right or left depending upon the users preference
- Compact design and short body facilitates maneuverability and ease of use on any worksite
- Download the [G12SA3 Tool Card](#)
