

EC2610E 8-Gallon Gas Powered Wheelbarrow Air Compressor

Includes:

- Breather Pipe (887080)
- Breather Pipe Plug (888895)

Features:

- **Powered by a Honda GX 160 engine** that delivers reliable and rugged performance
- **9.5 CFM delivered at 90 PSI** operates multiple nailers simultaneously
- **Cast iron, low RPM, oil lubricated pump** for improved performance and durability
- **Air-cooled after cooler** reduces moisture inside air tanks
- **Stainless steel braided discharge hose** resist corrosion and remains flexible
- **Baseplate integrated control panel** protects the gauge, regulator and plumbing, while centralizing the controls for simple operation
- **Industrial air pressure gauges** are easy to read and steel-encased for added protection
- **Pneumatic throttle control**, that uses air instead of a cable to adjust the throttle, eliminates common failure due to crimping and breaking, ensuring reliability
- **Locking regulator** comes pre-installed for efficient air pressure delivery
- **Ball valve tank** drains quickly making required tank draining fast and convenient
- **Rubber feet** absorb shock, reduce vibration and minimize crawling
- **Solid flat-free rubber tire** for dependable transport over rough terrain

- Note- the power rating of the engine is the net power output tested on a production engine for the engine model and measured in accordance with SAE J1349 at a specified rpm. Mass production engines may vary from this value. Actual power output for the engine installed in the final machine will vary depending on numerous factors, including the operating speed of the engine in application, environmental conditions, maintenance, and other variables.
